Profile

I'm an IT student with skills in **web development, data analysis, and cloud computing**. I have experience customizing **BigCommerce themes** and am comfortable with **Git and project management tools like Zoho.** A quick learner and problem solver, I'm eager to apply my skills and grow in a hands-on IT role. I look forward to contributing to a dynamic team!

Education

Masters in Information Technology,
The University of Western Australia ⌗
2023 – present | Perth, Australia
